Paintball

When you come to the park our staff will show you the field, Explain all safety rules and how to play the game How the markers work, how to shoot etc. Then we will help you get dressed for the game. You will need to make 2 teams who will play against each other. After you are all ready to go, you will get your paintballs depending on your package You will go to your side of the field near your flag and make your strategy with your team. When you are all ready, the staff will give the sign to start the game. If you have any problems staff is there whole time so at any time you can ask for help. When you get hit, you come to our central zone wait 5-10 min till that game is finished and when one team wins, you change sides and go again. You can do that till you have paintballs left. So you don't play just one game, with package of 200 you can play at least 4-5 games! After everybody is done you put your equip down and go to our other activities ,or go for a swim at nearby beach.

Inclusions

- Professional guide
- Beverages (0,5 per person)
- All taxes, fees and handling charges
- Entrance fees
- Full equipment for play
(Mask, Army uniform with neck protection, back and chest protector, paintballs (depending on the package)

SPLATMASTER

Low impact paintball for kids and family fun!

You play the game on the same way like paintball, just with smaller pump guns

JT SplatMaster was engineered so kids (and adults!) ages 6+ could easily cock, load, and fire.

After learning the basics of safety you will play player v.s. player competition.

You will feel impact, but it doesn't "hurt" – at times, some say it feels like a minor rubber band snap.

Inclusions

- Professional guide
- Beverages (0,5 per person)
- All taxes, fees and handling charges
- Entrance fees
- Full equipment for play (Mask, Army uniform with neck protection, back and chest protector, paintballs (depending on the package)

Exclusions

Transportation to/from attractions (can be booked on request)

Note:

Sportswear is recommended

Can't be mixed with paintball equipment!

BATTLE ARCHERY

Enjoy a thrilling day out where you will have the chance to wear each other out shooting arrows at each other in a series of games which are both challenging and fun!

Battle Archery was developed to use a foam tipped arrow that can be fired safely in a game. If you have done paintball and walked away with some heavy old bruises then that will not happen with Battle archery. This can be a fast and physical game for the competitive team.

Before the fun begins, the team will be given a safety and instruction briefing along with their safety equipment! Teams play against each other.

The idea is to "tag" your opponent to score points. When a player is tagged they are eliminated from the game. There is a chance to respawn your team members just as you would in dodgeball. Players also shoot at targets to add extra points to their team scores. A game ends after a specific period of time once all opponents are eliminated.

The rules of the games will be explained before the games commence its The Hunger Games? So what are you waiting for?

Inclusions

- Professional guide
- All taxes, fees and handling charges
- Full equipment for play (Bow, arrows, mask)

Exclusions

Transportation to/from attractions (can be booked on request)

Bubble Football

Also known as zorb football or bubble football in body zorbs. The beautiful game in an inflatable bubble! **AMAZING FOOTBALL SKILLS ARE NOT REQUIRED** – to get the ball from your opponent you'll need to bash into them, resulting in some hilarious bounces and a truly memorable experience. You don't have to like football to enjoy Zorbball. In fact, only one of our games involves a football (and most people don't bother looking at it!). Here are some of the games you can expect at your event:

Zorb Football: The original. The game starts with the two teams on their goal lines and the football on the centre spot. At the blast of the whistle, both teams charge. The rest is all a bit of a blur!

British Bulldog: The playground classic. One person starts as Bulldog at one end of the pitch. The rest of the players have to get past the Bulldog and over the line. If you're knocked over, you join the Bulldog! Last man or woman standing wins.

Head-to-Head: 1v1. Mano-a-mano. Each player is assigned a number and an opposition. When your number is called, charge. Not for the faint-hearted!

Inclusions

- Professional guide
- Beverages (0,5 per person)
- All taxes, fees and handling charges
- Entrance fees
- Full equipment for play
- venue price

Exclusions

Transportation to/from attractions (can be booked on request)

BILLARD FOOTBALL

Imagine a GIANT pool table - a whopping 6,6 metres long x 3,6 metres wide!!!

How on earth do you play pool on a table that big? By using specially made, colour coded footballs of course!

Foot Pool is a hybrid game that is absolutely massive in America, France and most recently in the U.K. It lets you play pool with your feet!! When we say hybrid, we mean that it is a cross between traditional pool and football. The sport is played on a giant pool table that multiple players can walk on. All the rules are the same as pool, except that you use your feet instead of a cue and the balls are replaced by footballs.

The wacky sport is generally a two player game, but the table can accommodate up to four players.

All the soccer balls retain the look of standard pool balls, but are obviously larger and lighter. The white striker ball is slightly heavier than the rest, just to make the game more interesting.

Inclusions

- Professional guide
- All taxes, fees and handling charges
- Full equipment for play

TEAM BUILDING

ADVENTURE PARK HVAR IJLSA

HVAR ISLAND

With 15+ activities and adding more every year we can now accommodate groups over 200 people. Wide range of activities ensures that everybody will find something they like and team building in our park will be a great experience.

One of the best things on team building is trying new things where everybody is equal, because nobody did it before.

New things and games force people to think outside of the box and find creative ways to solve problems and all that packed with an adrenaline rush and competition spirit in our Adventure park.

One more of our advantages on island Hvar is that we do not depend on sun & sea so you can be sure that your planned team building will be available no matter on the weather.

Available activities in the park
